

CE PRO PRODUCT SHOWCASE

IP-Based Entertainment Product Suite

HAI, leading manufacturer of integrated security and automation products since 1985, announces their new IP-based product suite, including the OmniTouch 10p Touchscreen, Automation Studio design software, and the Home Theater Extender (HTX). Additionally, a new product has been announced and will be shipping soon, the HAI Camera Server.

Kwikset's SmartCode with Home Connect Technology

Kwikset SmartCode Deadbolt with Home Connect Technology enables the door lock to wirelessly communicate with other devices in the home. This allows homeowners to monitor and control their door locks using either a web enabled device or their home automation system. Powered by 4AA batteries, the lock offers true remote locking and unlocking features due to its motorized driven deadbolt. The lock will also allow you to check door lock status, automatically arm and disarm your security system, and initiate customized scenes upon entrance and exit.

Meet the neptuneEQ-MS™ automatic room correction system

This new system gives you the critically acclaimed Neptune audio room correction and in addition, addresses the increasingly common requirement for multiple subwoofers in a home theater! Special algorithms are incorporated to make up to three subwoofers work like one "ideal" sub, then splices them with the five corrected full range channels. The subs can also be operated in full stereo mode. As always, our Eqs are assembled right here in Carlsbad and our main components are made in Iowa, Colorado, California and Texas; so you know you're helping Americans too! MSRP \$2,795

The Kona II — 2U Cooler

I know what you're thinking... we doubled the size and quadrupled the airflow of our Kona I, so now you can hear it, right? WRONG! Our Kona II is a 2U rack mounted solution that flows 80 cfm and is STILL only 15 dB.

That is just the beginning. We have an entire line of ridiculously quiet cooling solutions for cabinets, racks and equipment closets. Give us a call today. Your equipment will thank you.
